

TIPTOWEB® HAWSER PROTECTION SLEEVES

Hawser protection sleeve, easy to apply where and when you need it. The use of this protection sleeve will drastically improve the life-time of any of your mooring ropes. The Tiptoweb® sleeve can be easily wrapped around the hawser at the exact spot where it is needed.

The Tiptoweb® sleeves are finished with a protective seam all around, two large Velcro strips enable the sleeves to be applied easily and to accommodate different diameters of hawser, two eyelets, one on either side, enable the crew to secure the sleeve in the right position on the hawser. The standard length is 3 meter.

Art.number	Width (cm)	Hawser for approx (mm)
318.789	33	40 - 64
318.788	50	68 - 96
